

Hills Prescription Diet

Hills Prescription Diet Foods are made in US facilities with ingredients from North America, Europe, Australia and New Zealand, which exceed industry standards for purity and nutrient content. They 100% Guarantee their foods. If for any reason your pet won't eat it, you may return it for a full refund. Hills Prescription Diets come in a variety of flavors and textures for most diets. Our hospital carries a large selection of Hills Prescription Diet foods. If for any reason we do not have a product you are looking for, we are happy to order it for you. Below is a list of some of the most popular diets we carry:

Canine/Feline a/d: a/d is an urgent care diet for animals recovering from serious illness, accidents and surgery. It is a very soft palatable food that can be fed with a syringe if needed. For more information on this diet and a \$5.00 off coupon go to www.hillspet.com/homeguide. Type in PIN# 5670

Canine/Feline c/d Multicare: c/d Multicare reduces the risk of calcium oxalate and struvite stones. It can be a lifelong diet for adult pets. c/d Multicare is available in dry and canned. For more information on this diet and a \$5.00 off coupon go to www.hillspet.com/homeguide. Use PIN# 8607 for dogs and PIN# 6247 for cats.

Canine/Feline i/d: i/d is recommended for gastrointestinal issues such as gastroenteritis, colitis, constipation, pancreatitis and inflammatory bowel disease. It also helps with stress diarrhea in dogs and cats that are boarding or having any other experiences that may be causing them stress. For more information on this diet and a \$5.00 off coupon go to www.hillspet.com/homeguide. Use PIN# 8618 for dogs and PIN# 4629 for cats. They also have a **low fat I/D for dogs**. Use PIN# 1861.

Canine/Feline k/d: k/d is recommended for kidney disease and heart disease. It reduces the levels of protein to minimize kidney workload. k/d also reduces phosphorus to slow the progression of kidney disease. For more information and a \$5.00 off coupon go to www.hillspet.com/homeguide. Use PIN# 8621 for dogs and PIN# 7252 for cats.

Canine /Feline z/d: z/d is recommended for inflammatory skin conditions and adverse reactions to food such as food allergies and food intolerance. For more information and a \$5.00 off coupon go to www.hillspet.com/homeguide. Use PIN# 7901 for dogs and PIN# 7905 for cats.

Canine j/d: j/d is clinically proven to improve your dog's ability to run, walk and jump in as little as 21 days. It is rich in fish oil to preserve joint cartilage and has a controlled calorie content to help maintain a healthy weight. For more information and a \$5.00 off coupon go to www.hillspet.com/homeguide. The PIN# is 8620.

Canine/Feline r/d: r/d is recommended for weight loss, diabetes and fiber responsive disorders in dogs. For cats, it is recommended for weight loss. Diabetes and hyperlipidemia. It is high in fiber to help your pet feel more full between meals. It is high in L-carnitine to burn fat and maintain lean muscle. For more information and a \$5.00 off coupon go to www.hillspet.com/homeguide. Use PIN# 8624 for dogs and PIN# 6158 for cats.
